LC: Inspired by Picasso can you create a colourful and patterned Still Life painting?

1. Select three items – try to pick items of different heights (you can have more than three if you want, but not less).
2. Create an interesting composition – where and how will you place the items?
3. Draw your items paying careful attention to their proportion and scale.
4. Colour your entire page in using colour and pattern inspired by Picasso and the below examples. You can use whatever materials you have at home – paints/crayons/felt-tips/collage...
5. Share with Miss F on the blog or via Dojo!

Pablo Picasso - La Cafetière 1943
