

CHALLENGE

5 The population of City X rounds to 483,000 to the nearest 1,000.

The population of City Y rounds to 480,000 to the nearest 10,000.

Jamie says, 'The population of City X must be larger because 483,000 is larger than 480,000.'

Do you agree? Explain your answer.
